Career Objective

To obtain a challenging and creative role as a Web Developer, where I can utilize my skills and knowledge to contribute to the success of the organization. I aim to apply my abilities to build user-friendly, responsive, and functional websites as part of a dynamic team.

Work Experience

Talentrise Technokrate Pvt. Ltd. | March 2025 - June 2025

ReactJS Developer Intern | Remote

- Contributed to real-world web development projects by building dynamic and responsive user interfaces using React.js and Tailwind CSS
- Transformed Figma design prototypes into fully functional, pixel-perfect frontend components
- Used Git and GitHub for collaborative version control and team workflow integration
- Participated in code reviews, team meetings, and sprint planning to align with agile methodologies
- Strengthened practical knowledge of frontend optimization, accessibility, and responsiveness

Projects

Portfolio Website

<https://portfolio-8uf2.vercel.app/>

Tech Stack : ReactJS and Tailwind CSS

- Developed a personal portfolio to highlight skills, experience, and projects using modern React components and responsive design principles.

E-Commerce Website

<https://ecommerce-frontend-snowy.vercel.app/>

Tech Stack : MongoDB, Express.js, ReactJS, NodeJS, Tailwind CSS

- Developed a full-stack e-commerce web application using the MERN stack (MongoDB, Express.js, React.js, Node.js). Implemented features such as product browsing, user authentication, cart functionality, and order management. Designed a responsive UI with React.js and Tailwind CSS, and handled data storage and API integration through Node.js and MongoDB.

Online Hotel Booking System Website

<https://hotelbooking-4wcq.onrender.com/>

Tech Stack : HTML, CSS, JavaScript, Bootstrap

- Created a responsive hotel booking website using HTML, CSS, JavaScript, and Bootstrap, allowing users to view hotel details, check room availability, and make bookings. Designed with a user-friendly interface and smooth navigation for an enhanced user experience.

Travel Blog Website

<https://travelblog-g8h0.onrender.com/>

Tech Stack : HTML, CSS, JavaScript

- Designed and developed a responsive travel blog using HTML, CSS, and JavaScript. Showcased travel destinations, images, and blog content with a clean layout and smooth navigation across devices.

Technical Skills

Languages : HTML, CSS, JavaScript

Frameworks/Libraries : React.js, Node.js, Express.js, Tailwind CSS, Bootstrap

Database : MongoDB

Tools & Platforms : Git, GitHub, VS Code, Postman
